

Gr Language January's parent guide 5-9

Dear Parents I wish you a happy new year.

In our first homework of the year the students are expected to do almost the same exercises as the previous ones. I have uploaded on the Archie resources a pdf with a frame titled ΠΑΡΑΔΕΙΓΜΑ ΓΡΑΦΗΣ ΣΕ ΔΙΓΡΑΜΜΟ in which I have given an example for exactly how the students should write the Greek letters. The whole alphabet (capital and small letters) appear written in the correct high.

So, after studying this, they can proceed in completing exercise 1 . They are expected to write every definition in the specific frame underneath every picture, with the small letters reaching up to middle line and capital letters all the way to the top line.

Please notice that the new students have only the first two exercises: ΑΣΚΗΣΗ 1 and ΑΣΚΗΣΗ 2

Let me remind you that I need the students to print the pages, complete them on paper and bring them in class. Also the due day for this homework is next Monday the 12th of January and any assignment brought after this day will receive a 10 points reduction.

I kindly ask for your support in ensuring that your child brings their homework on time. This helps us keep our classroom routine running smoothly. Thank you very much for your cooperation.
