Note to Geometry Students of 8th Grade (A,B,C,D and E)

Dear Students,

I am not present in school today. During my absence you may do the work as mentioned below.

Log in to the Big Ideas-**online text book** and review the material on lessons 8.1 and 8.2 (pages 409 to 424.)

Practice as many questions as possible. Do the **work in your note book** so that **I may check** in the next class.

With regards,

Mr. George.
