

Chapter 20 - Assignment 10: Plato's *Euthyphro* Dialogue – [2]

On what the civic virtue of piety is, Euthyphro gave five definitions. (See pages 31–37.)

1. Socrates asked Euthyphro to say what piety is. (See page 31.)

(i) When asked to say what piety is, what was Euthyphro's *first* answer to the question?

(ii) On what piety is, why was Socrates *unimpressed* by Euthyphro's first answer to the question?

2. For a *second* time, Socrates asked Euthyphro to say what piety is. (See pages 31–32.)

(i) When asked for a *second* time to say what piety is, what was Euthyphro's *second* answer to the question?

(ii) On what piety is, why was Socrates *unconvinced* by Euthyphro's second answer to the question?

5. On what piety is, consider Euthyphro's *fifth* definition. (See pages 36–37.)

(i) On what piety is, what was Euthyphro's *fifth* definition?

(ii) On what piety is, why was Socrates unconvinced by Euthyphro's fifth definition?
