

## 3rd Grade American Math HW 23

### Chapter 17: Understand Fractions as Numbers

Dear Family,

During the next few weeks, our math class will be learning about fractions.

We will learn to identify, read, and write fractions as part of a whole and name fractions of a set.

#### Vocabulary

- **Denominator:** The part of a fraction below the line that tells how many equal parts are in the whole or in the group.
- **Fraction:** A number that names part of a whole or part of a group.
- **Fraction greater than 1:** A number which has a numerator that is greater than its denominator.
- **Numerator:** The part of a fraction above the line that tells how many equal parts are being counted.
- **Unit fraction:** A fraction that names 1 equal part of a whole. It has 1 as its top number, or numerator.
