

Dear parents,

for our upcoming final exam on the Greek language I prepared a written expression practice. The children have a short preparation activity to complete at home. They will need to open the Study Guide for Units 16 and 17 and copy the sentences that accompany the pictures, writing each sentence twice.

The purpose of this activity is to help the children become more comfortable writing complete sentences with correct structure and spelling. By copying the model sentences from the book, they become familiar with how a well-formed sentence looks and flows, which gradually strengthens their confidence and skills in written expression.

This activity has due day next Monday 13th of April along with the weekly Homework.

Thank you very much for your support and cooperation in the children's learning.
