

Geometry Students, 8A,8B,8C,8D & 8E

Dear students,

I am not in school today.

The quiz on chapter Surface Areas and Volumes will be on Monday, May 4th. So today during my class you can review all the H.W assignments I posted on this chapter. Also, you may login to the Big Ideas Text book and practice more questions from this chapter, Surface Areas and Volumes.

With regards,

Mr. George Chacko.
