

3rd grade Greek Language

Study Guide

For this week, and throughout the rest of the school year, students should continue reviewing their vocabulary words regularly. These are the vocabulary cards we have been creating and practicing in class all year.

If a student does not have their vocabulary cards, they can access the words through ARCHIE Resources, where they will find the folder with all vocabulary lists. Please make sure students study only the 3rd Grade vocabulary words, not all of the vocabulary lists.
